

New Year's Message to the Nobles and Daughters:

Each year is a new beginning with so much to see and to do.

With new opportunities waiting to make all our wishes come true...

It's such a good time to plan changes, to make the fresh start we so desperately need.

To try something different and daring, to reach for the stars and succeed.

Each year is a brand new beginning, a precious, new chance sent our way, to follow our dreams and fulfill them with joy in our hearts every day.

I am hoping that as the New Year begins, we can start fresh with all of our future endeavors, working together on one accord. As Nobles and Daughters with great courage and character.

In the true words of Dr. Martin Luther King, Jr.,

"Agape is understanding, creative, redemptive goodwill toward all men". Theologians would say that it is the love of God operating in the human heart. When you rise to love on this level, you love all men not because you like him, not because their ways appeal to you, but you love them because God loves them.

May God Bless & Keep You

Happy New Year & Stay Safe
